Tailor Made Clothing WHILE YOU WAIT

Or rather while you don't wait. Instead of making a pincushion of your back and a blackboard of your front, instead of cutting and sewing and fussing and ripping, and keeping you standing and waiting; instead of all this, you can have the finest tailor-made suit in five minutes' time. We're prejudiced—don't take our word for it, but ask the first well dressed man you meet, and he will tell you that the Alfred Benjamin & Co.'s name is inside his jacket.

From ocean to ocean Alfred Benjamin clothing is known as the best. Come in and you'll see why it's different. No higher in cost than the ordinary ready-made garments.

Everything in suits—everything in overcoats, everything in dress suits and tuxedos—that a man can desire.

All ready tailored, ready to wear.

MONEY FOR HILO DOCK

Contract Let and
Bonds Will Be
Sold.

**JAPANESE DAY
WAS CELEBRATED**

Truck Farming in Kaumana Not a
Success—Hilo Polo Team
Will Come.

HILO, November 7.—The stockholders and directors of the Hilo Dock Company held a meeting last Monday in the offices of the First Bank of Hilo and transacted important business in connection with the financial and construction phases of the big improvement. The meeting confirmed the supplementary contract made with the Territory binding it not to take over the dock until after a period of five years. This deal was made in order to facilitate the floating of the dock bonds, the men who are to furnish the money not caring to advance the same for a shorter length of time.

The contract for building the dock, made with the Hawaiian Engineering and Construction Company was also confirmed and it is thought actual work will begin by the 20th of the month. F. J. Amweg who will have charge of the work will arrive in Hilo November 19th. The metal for the dock will arrive by the Roderick Dhu in the meanwhile.

The money to be realized by the company from the sale of bonds will be \$75,000, which will be furnished by island capital.

The directors of the company were also authorized to close a contract with the Hilo Railroad Company under the terms of which all the freight handled by that road will also be handled by the new dock company. This includes besides the Puna and Olaa sugar, the freight of several other large concerns and brings the dock company an additional valuable asset.—Tribune.

WILL GIVE UP GARDENING.

Two white men who have been engaged in truck farming in Kaumana for four years past have decided to give up and return to California. They say that the first cabbages grown by them were so large that it was necessary to use an axe to cut them. Afterwards they grew smaller with each successive planting until now they cannot grow one as large as a baseball. The men have enough fertilizer with each crop but it seems that the plants, when quite young are attacked by a small white fly which obstructs development. Pineapples thrive well and reach an average of seven pounds each. Up to date no pest has attacked their plants and the men say that after an experience covering a period of four years during which they paid great care and attention to soil they have decided that pines and bananas are the only fruits that will thrive and that the returns from those are not sufficient to warrant their remaining.—Herald.

WON THE MOCK ELECTION.

J. Castle Ridgway, Republican district committeeman, introduced a voting innovation in the schools this year which should become the regular practice each campaign. He enabled the school children to vote upon the respective tickets in the field for honors. The election was held last Friday in the schools at Hilo, Mountain View, Papakou, Haaheo, Onomea, Hakalau, Honoum, Pepeekeo, Pohakupuka, Laupahoehoe, Paauilo, Kaapahu, Honokaa and Kukuhaele.

The total vote cast by these young Americans was 749, of which 491 were for Cupid and 258 for Wilcox. The school children were provided with printed ballots and they went through with the process of voting with the same sense of dignity and display of decorum shown by their elders last Tuesday. They were allowed to vote without any electioneering from old people and their collective ballots show a great preponderance of Republican sentiment in the rising generation.

The Republican senators Desha and Paris received 452 and 408 votes respectively. Pua and Woods received 219 and 249 respectively while the independent candidates received less than 100 each. The school boys also elected the Republican candidates for the House with a whoop. Lewis received 429 votes, Kawaila 408, Paty 401 and Pritchard 415. Fernandez led the Home Rule ticket with 238 votes.—Tribune.

LITTLE SUSTAINED.

The district magistrate sustained the circuit judge in the Lyman-Winter case. The case of the Central Meat Market vs. Frank L. Winter came up before the district magistrate last week on a new motion to open the judgment against the garnishee. Judge Hapai was obliged to hear argument on the decision of Judge Little and after several days of consideration sustained the reasoning of the circuit judge and granted the motion to reopen the case. An appeal has been taken from the decision of Judge Hapai sustaining Judge Little and the entire matter now goes before Judge Little to find out whether

the latter will sustain the former.—Herald.

JAPANESE CELEBRATION.

Monday was Japanese day in Hilo and the members of the colony in this district gathered in force at Hoolulu park to celebrate the birthday anniversary of H. I. J. M. Emperor Kinjo.

A number of invitations had been issued to white residents and they were well represented in the grand stand. The committee in charge of the stand, Mr. Shimamoto, had arranged so that one section was devoted to their exclusive use. The morning was given up to athletic events, which seemed to be very much enjoyed. The fencing by several sets of Japanese residents was particularly enjoyed by the Japanese and was watched with open-eyed wonderment by the white visitors. The afternoon was given up to horse racing and there were some very interesting events. In the evening there was a performance at the Japanese theatre and the place was crowded to the limit of its capacity.—Herald.

NEWS NOTES.

As usual there will be good racing at Hoolulu park on New Year's Day. Manager McKenzie has announced a fine race card which will attract the best horses on the island. Besides the racing there will be an effort made to hold a polo tournament with Hilo, Honolulu, and Maui teams competing. There has been an offer of \$100 to bring over the Honolulu and Maui polo teams.

The Hilo polo team with eight or a dozen horses will be at the polo tournament at Kapitolani park, Honolulu, November 23d. The horses will be shipped November 14th, the men following on the next boat. The team will consist of Messrs. C. N. Prouty, Dr. Irwin, Ted Guard, Ronald Kennedy and W. T. Balding. The positions of the men in play has not been decided upon yet.

The polo players are practicing regularly Saturdays and Wednesdays. C. H. W. Hitchcock has been appointed deputy clerk of the Fourth Circuit court and will assume his new duties in the near future. Mr. Hitchcock is thoroughly versed in the Hawaiian language and will prove a valuable addition to the court house force.

William Kinney of Kaumana, who has been a citizen of the United States for a half century, cast his first vote on Tuesday. It was straight.

It is said that a Porto Rican on Maui is recruiting a number of his countrymen on the different islands with a view to taking them back to Porto Rico.

A NON-CHURCH GOER.

One Man Gives His Reasons for Staying at Home.

Honolulu, November 8, 1902.

Editor Advertiser:—I notice in Saturday's Advertiser an invitation to non church going people to give their reasons for not attending church. I will give my reasons based on personal experience only. I have attended one or more of the different churches in Honolulu at different times but not regular, but I came to the conclusion to do so no more under any circumstances, and my reasons are this: First, you are surrounded by a good many people who pretend they are glad to see you out to their church, but on closer acquaintance with some of them you can plainly see that it is all put on with the majority of them. Second, you will, on going to church, become acquainted with a number of people who are very glad to see you at church, will shake hands and inquire after your family, etc., but if you should happen to meet them on the street a few days later they don't know you and in some cases try every way possible to avoid you. Third, there are a good many people attending church who to put it straight, are Sunday Christians and Monday Devils, and it is such people that try to make people believe they are the whole thing, but to people who know them it is all a fake and thoroughly disgusting. If people in the islands expect others to attend church they should be sincere in their pretensions of friendship, and not lead people to think that they are friends when in reality they only care for you while you are putting your dime or quarter in the contribution box.
